Kelsey-Highlands Nursery is located at East Boxford, Massachusetts, 28 miles north of Boston. Other distances are Salem, 13 miles; Lawrence, 11 miles; Haverhill, 9 miles; Newburyport, 10 miles; Manchester, 13 miles; Ipswich, 9 miles; Lowell, 20 miles.

VISITORS ARE ALWAYS WELCOME

Introductions of Harlan P. Kelsey

In over half a century devoted to the discovery, growing and dissemination of desirable ornamentals, especially those of the Southern Appalachian Mountains, Harlan P. Kelsey has introduced some of America's most outstanding garden treasures. One of the most famous of these is the Carolina Hemlock, (*Tsuga caroliniana*) of which the late Prof. Sargent wrote: "The handsomest conifer we can grow in New England." At Kelsey-Highlands Nursery you will find the largest supply of perfect nursery-grown specimens. Notable Harlan P. Kelsey introductions are

Carolina Hemlock
 Kelsey Catawba Rhododendron
 White Carolina Rhododendron
 Prostrate Fraser Balsam Fir
 Alleghany Sandmyrtle
 Oconeebells (Shortia)
 Mountain Silverbell
 Kelsey Crabapple
 Kelsey Pygmy Dogwood (Clon)
 Southern Bushhoneysuckle
 Kelsey Locust
 Carolina Lily
 Grays Lily
 Rose Trillium
 Korean Chrysanthemum
 Korean Chrysanthemum Hv Jane Kelsey
 Pinkshell Azalea and others.

How to reach Kelsey-Highlands Nursery

CONIFEROUS EVERGREENS

NOTE: Figures immediately following names denote approximate heights at maturity *under cultivation*.

Hv or Hort var. = Horticultural variety; these do not come true from seed; they are either "polybrids" or selected "clons" of polybrids.

X = Hybrid variety; (only *natural botanical varieties* are properly entitled to Latin varietal names).

Prices on Coniferous Evergreens include Balling and Burlapping (B&B)

MOUNTAINLAUREL KALMIA

BROADLEAF EVERGREENS

Andromeda, Kalmias, Leucothoe, Rhododendrons, etc.

Mass plantings of Rhododendrons, Mountainlaurel and Andromedas, with "filler" or "edging" plants, such as Leucothoe, Scotch Heather, Rose Daphne and Sandmyrtle, are very desirable and probably show these broadleaf Evergreens at their best. Such ground covers as Bearberry, Canby Pachistima and Japanese Pachysandra carpet the shady places luxuriantly.

To successfully grow these beautiful Broadleaf Evergreens, see that the soil is peaty, acid and well drained. Use a permanent mulch of Oak or other hardwood leaves (except Maple). A northern exposure or overhead leafy shade is desirable. Ferns are at home in the Rhododendron bed and edgings of them or of Violets, Dicentras and a host of beautiful low ground covers give variety and beauty. Azaleas and Berry-bearing Shrubs may be used freely in the planting with charming effects.

Malus, Flowering Crabapple

The Flowering Crabapples have few rivals among spring flowering trees and shrubs. At the Arnold Arboretum one of the most important events of the year is the blooming of the Crabapples, followed by the showy fruit in Autumn. Most varieties are of greatest value as feed in winter for Pheasants, Grouse and other birds, or for jellies and preserves.

The sizes we can supply follow the descriptions of each variety. Prices are for strong plants. For extra heavy specimens prices are made to cover increased value.

	Each	10
3-4 ft.	2.00	18.00
4-5 ft.	2.75	24.75
5-6 ft.	4.00	36.00
6-8 ft.	6.00	54.00

X arnoldiana, ARNOLD CRABAPPLE 8', rose-colored.

Sizes 3-4 ft., 4-5 ft., 5-6 ft.

X atrosanguinea, CARMINE CRABAPPLE 15'

Carmine. Sizes 4-5 ft., 5-6 ft., 6-8 ft.

baccata, SIBERIAN CRABAPPLE 30'

White, green or reddish fruit. Sizes 3-4 ft., 5-6 ft., 6-8 ft.

X DOLGO CRABAPPLE 15'

Red Edible Fruit. Sizes 3-4 ft., 5-6 ft.

floribunda, JAPANESE FLOWERING CRABAPPLE 15'. Bright pink buds followed by snowy white flowers, small yellowish fruit. Sizes 3-4 ft., 4-5 ft., 5-6 ft., 6-8 ft.

floribunda, Hv KELSEY CRABAPPLE. Offered after years of testing. Highly recommended as one of the most ornamental Flowering Crabapples. Bright pink buds opening to purest white flowers, and in greatest profusion. Will eventually reach 20 or 25 feet in height with equal spread. Sizes 3-4 ft. \$3.00 each. 4-5 ft. \$4.00 each. 5-6 ft. \$6.00 each. 6-8 ft. \$8.00 each. 8-10 ft. \$12.00 each.

hupehensis (*theifera*), TEA CRABAPPLE 20'. Fragrant flower, rose-red in the bud and later almost white. Sizes 3-4 ft., 4-5 ft., 5-6 ft., 6-8 ft.

X hopa, REDFLOWERING CRABAPPLE 15'. Entirely covered with rose-colored blossoms in May. Fruit red inside and out. Very hardy. Sizes 3-4 ft., 5-6 ft.

ioensis, PRARIE CRABAPPLE 15'. Single pink. May. Native Western Crabapple. Sizes 4-5 ft., 5-6 ft.

ioensis, Hv BECHTEL CRABAPPLE (*plena*) 15'. June. Double pink flower. Sizes 3-4 ft., 4-5 ft.

X micromalus, MIDGET CRABAPPLE. Showy pink. 8'. Sizes 4-5 ft., 5-6 ft.

X pumila, REDVEIN CRABAPPLE (*niedzwetzkyana*), 20'. Red branches, leaves and fruit. Sizes 3-4 ft., 4-5 ft., 5-6 ft.

X purpurea, PURPLE CRABAPPLE 20'. Sizes 3-4 ft., 4-5 ft., 5-6 ft.

X purpurea, Hv ELEY FLOWERING CRABAPPLE (*eleyi*) 18'. Sizes 3-4 ft., 4-5 ft., 5-6 ft.

robusta, CHERRY CRABAPPLE 30'. Sizes 3-4 ft., 4-5 ft., 5-6 ft.

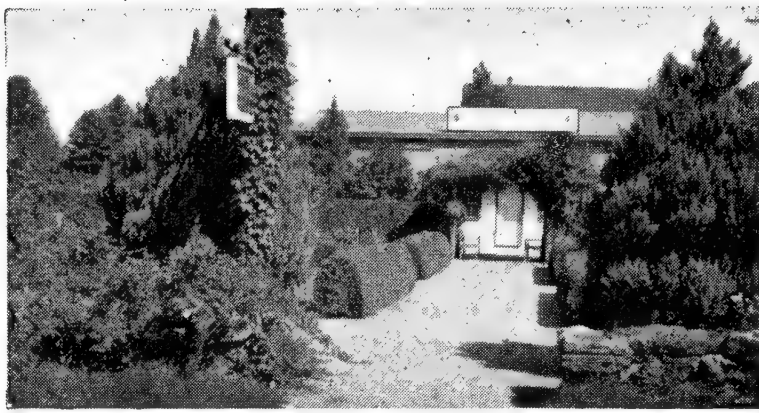

sargentii, SARGENT CRABAPPLE 6'. Pure white with yellow anthers. Scarlet fruit. Size 3-4 ft.

X scheideckeri, SCHEIDECKER CRABAPPLE 15'. Rose-colored flower. Sizes 4-5 ft., 5-6 ft.

sieboldi, TORINGO CRABAPPLE. Sizes 5-6 ft., 6-8 ft.

sieboldi arborescens. Sizes 5-6 ft., 6-7 ft., 7-8 ft.

X zumi, ZUMI CRABAPPLE 15'. Pink in bud, becoming white, red fruit. Sizes 3-4 ft., 4-5 ft., 5-6 ft.

A CHARMING GARDEN PATH

Designed and executed on a famous estate by Harlan P. Kelsey

Harlan P. Kelsey, Inc., offers a skilled service devoted to the creation of finer landscapes. After a careful study of each individual problem we recommend a development which will fit the particular location so as to combine beauty and convenience with economy of construction and maintenance. Our background of sound designing and horticultural experience assures such results.

americana , WASHINGTON ELM		

The late Jackson Dawson, noted Horticulturist, made grafts from the famous Cambridge Elm, under which George Washington took command of the Continental Army in 1775, thus saving for posterity true descendants of this historic tree, now destroyed. At the request of the founder of the Arnold Arboretum, the late Professor Charles Sargent, we built up a stock of sturdy trees from this unique and authentic source. A numbered certificate of authenticity and a permanent embossed metal marker with each tree if desired.

CHYRSANTHEMUM

arcticum, ARCTIC CHRYSANthemUM 18"

maximum, PYRENEES CHRYSANthemUM

sibericum (*coreanum*), KOREAN CHRYSANthemUM 2-4 ft. Oct.-Dec.

This hardy species introduced by Harlan P. Kelsey. More recently it has been used as a parent for the beautiful Korean Hybrids. The original species with its profuse large white fl. and golden centers is still recognized as one of the most beautiful and effective garden fl. 35c each, \$3.00 per 10.

CHRYSANthemUM, KOREAN HYBRIDS.

Inc. Prices 30c each, 2.25 per 10, except as otherwise noted.

APOLLO. Shades of bronze-red, old-gold and salmon.

AUTUMN LIGHTS. Bronzy-copper, free flowering, compact, frost resistant. Late Sept.

CERES. Comb. of old gold, chamois-yellow and coppery bronze.

DAPHNE. Pink, golden stamens.

HEBE. Soft lavender-pink, golden yellow center.

INDIAN SUMMER. Vivid glowing orange. Lg. double fl.

INNOCENCE. Single dwarf. Pure white.

JANE KELSEY. Large single fl. in great profusion on long stems, lustrous deep pink, Oct.-Nov. Cut flowers last two weeks or more. Our introduction. Unusually hardy. 50c each, \$4.00 per 10.

KING MIDAS. Large, fully double soft yellow fl. Late Sept.

LOUISE SCHLING. Semi-double. Salmon-red, changing to bronze-salmon.

PIGMY GOLD. Clear golden yellow button-like fl.

ROMANY. Carmine-red, with fine bronze tones.

SATURN. Orange and bronze, golden yellow center.

THE MOOR. Wine-red, fully double.

VENUS. Lilac-pink, rose-lavender shading.

VULCAN. Opens carmine-red, changing to bronze-crimson.

CHRYSANTHEMUMS (continued)

CHRYSANTHEMUM, NEW HARDY FALL. Hort Vars.

DEAN KAY. Bright clear pink.
EARLY BRONZE. Rich bronze.
JEAN TREADWAY. Pink.
ORANGE GLOW. Brilliant burnt orange.
RUTH HATTON. Pompon, clear ivory white.
RUTH MARION HATTON. Bright canary yellow.
TREASURE TROVE. Clear double yellow.
VIVID. Rich rosy-crimson.

CHRYSANTHEMUM, UNIVERSITY OF NEW HAMPSHIRE INTRODUCTIONS

FRANCONIA. Double golden bronze. Early Sept.
NASHUA. Double yellowish-bronze, dark center. Aug.-Sept.
COCHECO. Purple lavender, profuse, compact. Mid-Sept.

Above 3 new varieties 60c each

CHRYSANTHEMUM, CUSHION. Popular dwarf Hort. Vars. Not over 1' high, 2' or more across. Sept. to frost a glorious mass of double fl. 50c each, \$4.00 per 10.

AMELIA. (*Azaleamum*).
BRONZE CUSHION.
NEW RED.
PINK CUSHION.
YELLOW CUSHION.
WHITE CUSHION.

KELSEY-HIGHLANDS NURSERY

Specimen Trees for Immediate Landscape Effect

Transform Your Home Grounds in a Day

SPRUCES, HEMLOCKS, FIRS, ARBORVITAES, PINES, EASTERN REDCEDAR,
OAKS, ELMS, LINDENS, MAPLES, etc.

Memorials — Nothing more beautiful or fitting than these grand specimen trees.

Permanent living Christmas trees 15 ft. to 25 ft. in height.

NOTE CAREFULLY

1. **Prices** are for Trees Dug, Balled, and Burlaped f.o.b. Nursery, East Boxford, Mass.
2. **Delivered**, planted and properly guyed (when necessary) within a radius of thirty (30) miles of Nursery, add 40% to price of each tree under normal planting conditions, and when location is readily accessible to tree mover.
3. **Frozen Balls.** After winter closes in we move and plant with solid frozen balls. (*Holes must be prepared in advance*, before too much frost has entered ground.) We will gladly consult with you on your grounds, to help in selection of trees and choice of planting location.

Telephone Topsfield 71 — Harlan P. Kelsey, Inc., East Boxford, Mass.

CONIFERS (EVERGREENS)

WE INVITE INSPECTION OF TREES AT NURSERY

Hv=Horticultural Variety

THE FIRS

FRASER BALSAM FIR, **Abies fraseri**

Very hardy. Heavier darker foliage than Northern Balsam.

10-12 ft.	<i>Each</i>
12-14 ft.	25.00
14-16 ft.	35.00
16-18 ft.	55.00
	90.00

NORDMANN FIR, **Abies nordmanniana**

Two splendid specimens only of this rare species.

20-22 ft. 200.00

THE REDCEDARS

EASTERN REDCEDAR, **Juniperus virginiana**

Broad or Columnar Types

12-14 ft.	30.00
14-16 ft.	45.00
16-18 ft.	65.00
18-20 ft.	90.00
20-30 ft. <i>Individually priced</i>	

SILVER EASTERN REDCEDAR, **Juniperus virginiana Hv**

Color contrasts well with the above.

12-14 ft. 40.00

THE LARCHES (Deciduous)

EUROPEAN LARCH, <i>Larix decidua</i>	<i>Each</i>
Handsome pyramidal tree	
12-14 ft.	25.00
14-16 ft.	35.00
16-18 ft.	45.00
DAHURAN LARCH, <i>Larix gmelini</i>	
Rare Siberian species wider spreading than Larches.	
Purple catkins in May.	
12-14 ft.	35.00
14-16 ft.	45.00
16-18 ft.	60.00
18-20 ft.	80.00
JAPANESE LARCH, <i>Larix leptolepis</i>	
Very rapid growth	
16-18 ft.	45.00
18-20 ft.	60.00
20-22 ft.	85.00
22-24 ft.	120.00

THE SPRUCES

NORWAY SPRUCE, <i>Picea abies</i>	
Wide spreading, rapid growth	
16-18 ft.	75.00
18-20 ft.	100.00
20-24 ft.	140.00
DRAGON SPRUCE, <i>Picea asperata</i>	
A superb rare conifer most vigorous of the Chinese Spruces, broadly pyramidal. Chestnut-brown cones. Thrives at seashore. These are unusually fine <i>specimens</i> .	
1 only—12-14 ft.	120.00
1 only—14-16 ft.	150.00
1 only—18-20 ft.	225.00
2 only—22-24 ft.	300.00
WHITE SPRUCE, <i>Picea glauca</i>	
Our most beautiful native species.	
Stands seashore conditions.	
16-18 ft.	80.00
20-24 ft.	125.00
KOYAMA SPRUCE, <i>Picea koyamai</i>	
Recent introduction. Dark green foliage, sturdy habit.	
16-18 ft.	80.00
18-20 ft.	105.00
20-24 ft.	135.00
SERBIAN SPRUCE, <i>Picea omorika</i>	
This magnificent hardy pyramidal species is perhaps the most beautiful of the spruces. Dark green foliage.	
12-14 ft.	50.00
COLORADO SPRUCE, <i>Picea pungens</i>	
Dark green foliage.	
14-16 ft.	60.00
16-18 ft.	80.00
BLUE COLORADO SPRUCE, <i>Picea pungens</i> Hv	
Popular blue-foliaged variety.	
8-10 ft.	22.00
10-12 ft.	35.00
12-14 ft.	50.00
14-16 ft.	75.00

THE PINES

KOREAN PINE, *Pinus koraiensis*

Each

Beautiful reddish-brown bark on new growth.
White Pine group.
8-10 ft.

30.00

SWISSMOUNTAIN PINE, *Pinus mugo*

Hardy many-stemmed upright growth.
Variable in height up to 40 ft.
6-8 ft. spread
8-10 ft. spread

25.00

35.00

AUSTRIAN PINE, *Pinus nigra*

Very hardy and fine for planting near seashore.
12-14 ft.
14-16 ft.
16-18 ft.

60.00

80.00

115.00

RED PINE, *Pinus resinosa*

Vigorous growth. Long bright green needles.
12-14 ft.
14-16 ft.
16-18 ft.
18-20 ft.

55.00

75.00

105.00

125.00

TABLEMOUNTAIN PINE, *Pinus pungens*

Rare picturesque irregular growth.
Large brown persistent cones.
4 specimens only—12x12 ft.

150.00

EASTERN WHITE PINE, *Pinus strobus*

Grandest of all native conifers.
16-18 ft.
18-20 ft.
20-22 ft.
25-27 ft.

90.00

110.00

135.00

175.00

SCOTS PINE, *Pinus sylvestris*

Picturesque growth in maturity with
orange-brown bark
14-16 ft.
16-18 ft.
18-20 ft.

75.00

100.00

125.00

DOUGLASFIR

COMMON DOUGLASFIR, *Pseudotsuga taxifolia*

Dense pyramidal tree. Soft foliage
green or bluish-green.
14-16 ft.
16-18 ft.
18-20 ft.

45.00

70.00

100.00

THE ARBORVITAE

EASTERN ARBORVITAE, *Thuja occidentalis*

One of our best evergreens. Fine for windbreaks.
12-14 ft.
14-16 ft.
16-18 ft.

35.00

55.00

90.00

GEORGE PEABODY ARBORVITAE, *Thuja occidentalis* Hv

Variety with golden-tipped foliage.
10-12 ft.

35.00

4-TON CONIFER READY TO GO

THE HEMLOCKS

CANADA HEMLOCK, *Tsuga canadensis*

A most handsome lawn tree. One of our most graceful American conifers.

10-12 ft.	45.00
12-14 ft.	60.00
14-16 ft.	80.00
1—18-20 ft.	150.00
1—20-22 ft.	190.00
2—25-30 ft.	275.00
3—30-35 ft.	350.00

CAROLINA HEMLOCK, *Tsuga caroliniana*

A Kelsey introduction. For graceful beauty, we do not believe its equal can be found. Prof. Sargent, late Director of the Arnold Arboretum, considered the Carolina Hemlock "the handsomest conifer we can grow in New England". We offer splendid specimens up to 25 ft. in height.

10-12 ft.	45.00
12-14 ft.	60.00
14-16 ft.	80.00
16-18 ft.	110.00
18-20 ft.	150.00
20-22 ft.	190.00

SIEBOLD HEMLOCK, *Tsuga sieboldi*

A very beautiful Japanese species of compact growth. Dark glossy foliage.

1 only— 8-10 ft.	50.00
3 only—10-12 ft.	75.00
1 only—14-16 ft.	125.00

DECIDUOUS TREES

THE MAPLES

NORWAY MAPLE, *Acer platanoides*

One of the best and hardiest shade trees.

24-28 ft. 8-10 in. cal. 150.00

28-32 ft. 10-11 in. cal. 200.00

RED MAPLE, *Acer rubrum*

Red or scarlet, rarely yellow, flowers in March or April.

Brilliant orange or scarlet Autumn foliage.

16-18 ft. 4-5 in. cal. 60.00

20-22 ft. 6-7 in. cal. 110.00

24-28 ft. 8-9 in. cal. 175.00

SKINNERS SILVER MAPLE, *Acer saccharinum* Hv

Pendulous branches, Deeply cut foliage.

16-18 ft. 35.00

FLOWERING CRABAPPLE

Bright pink buds opening to pale pink
in great profusion

JAPANESE FLOWERING CRABAPPLE, *Malus floribunda*

7-8 ft. high 7-8 ft. spread 25.00

8-10 ft. high 7-9 ft. spread 35.00

THE OAKS

Oaks are among our finest long-lived shade and
lawn trees. Leaves are very persistent and
usually brilliant Autumn coloring.

WHITE OAK, *Quercus alba*

16-18 ft. 4-5 in. cal. 75.00

20-24 ft. 6-7 in. cal. 135.00

NORTHERN RED OAK, *Quercus borealis*

BLACK OAK, *Quercus velutina*

SCARLET OAK, *Quercus coccinea*

16-18 ft. 4-5 in. cal. 65.00

20-24 ft. 6-7 in. cal. 120.00

CHESTNUT OAK, *Quercus montana*

A single specimen only

20-22 ft. 6 in. cal. 125.00

THE LINDENS

LITTLELEAF LINDEN, *Tilia cordata*

A lovely shade tree for Avenue or lawn. Masses
of fragrant yellow-white flowers in May or June.

12-14 ft. 4-4½ in. cal. 35.00

14-16 ft. 4½-5 in. cal. 50.00

PYRAMIDAL BIGLEAF LINDEN, *Tilia plataphyllos* Hv

For locations needing a special "accent".

14-15 ft. 50.00

THE ELMS

AMERICAN ELM, *Ulmus americana*

One of our grandest native ornamental trees.

18-20 ft. 4-5 in. cal. 50.00

24-26 ft. 6-7 in. cal. 100.00

28-30 ft. 7-8 in. cal. 125.00

MOLINE AMERICAN ELM, *Ulmus americana* Hv

A unique vase-shaped form. Two specimens only.

2—20-22 ft. 5 in. cal. 75.00

"WASHINGTON ELM," *Ulmus americana*

Authentic descendants of the famous Cambridge
Elm under which George Washington took
command of the Continental Army in 1775.
Propagated from material supplied by the
Arnold Arboretum.

14-16 ft. 3-4 in. cal. 30.00

KELSEY'S "READY - MADE" EVERGREEN HEDGES

Why wait years for that finished Garden effect when you can have it in a day by planting a beautiful Kelsey Ready-Built Hedge.

NINE VARIETIES GIVE A CHOICE FOR DIFFERENT EFFECTS

Prices are net per running foot, delivered and planted (where normal conditions exist), within 30 miles of Kelsey-Highlands Nursery, East Boxford, Mass.

	Length	Height	Spread	Per ft.
1. Norway Spruce	230 ft.	4 ft.	3 ft.	\$5.00
2. White Spruce	216 ft.	3 ft.	2 ft. 3 in.	5.00
3. Koyama Spruce	186 ft.	3 ft.	2 ft.	5.00
4. Serbian Spruce	117 ft.	3 ft. 4 in.	2 ft. 8 in.	6.00
5. Eastern White Pine	231 ft.	4 ft.	2 ft. 6 in.	6.00
6. Ware Arborvitae	181 ft.	3 ft. 1 in.	2 ft. 3 in.	5.00
7. Eastern Arborvitae	232 ft.	5 ft. 6 in.	3 ft.	6.00

9. Carolina Hemlock	231 ft.	4 ft.	2 ft. 9 in.	6.50

LISTS OF PLANTS FOR SPECIAL ENVIRONMENTS

Plants Suitable for Rock Gardens

EVERY Rock Garden has problems of its own. No list of this nature can in any way be complete — it can merely suggest a few of the varieties that are being successfully used in the finest American Rock Gardens. Herbaceous perennials are not included in this list.

Aesculus discolor koehnei
Amelanchier stolonifera
Arctostaphylos uvaursi
Azalea pentaphylla
Azalea poukhanensis
Calluna, in variety
Chaenomeles lagenaria Hv pygmaea
Cotoneaster horizontalis
Cotoneaster microphylla
Cotoneaster adpressa praecox
Daphne cneorum
Daphne mezereum
Dicentra eximia
Epigaea repens
Erica carnea
Euonymus fortunei radicans
Forsythia ovata
Juniperus chinensis sargentii
Juniperus communis depressa
Juniperus communis saxatilis
Juniperus horizontalis

Juniperus horizontalis plumosa
Juniperus sabina
Juniperus sabina Hv Tamarix Savin
Juniper
Leiophyllum buxifolium prostratum
Pachistima canbyi
Picea, Hv Dwarf Albert Spruce
Pieris floribunda
Pieris japonica
Pinus mugo mughus
Rhododendron catawbiense compactum
Rhododendron laetivirens
Rhododendron mucronulatum
Taxus canadensis
Taxus cuspidata (upright form)
Taxus cuspidata nana
Taxus media Hv Hicks Yew
Thuja occidentalis Hv Tomthumb
Eastern A.
Vaccinium vitisidaea minus

Ground-Cover Plants

GROUND-COVERS are just what their name implies — they cover the ground. Some spread by sending out trailers that take root, some have roots that spread and send up new top growth, and others merely grow more or less procumbent, spreading out as they enlarge to cover a greater area of ground each year. Many, such as the Rose Daphne and the Heathers, have beautiful flowers. The Evergreens and Broadleaf Evergreens carpet the ground with green throughout the year.

Ajuga genevensis
Ajuga reptans alba
Alyssum saxatile compactum
Arctostaphylos uvaursi
Asarum shuttleworthii
Calluna, in variety
Celastrus orbiculata punctata
Celastrus scandens
Chrysanthemum Sibericum
Convallaria majalis
Cotoneaster horizontalis
Daphne cneorum
Diervilla lonicera
Erica carnea
Euonymus fortunei radicans
Ferns, in variety
Galax aphylla

Hosta caerulea
Hosta japonica
Juniperus chinensis sargentii
Juniperus communis depressa
Juniperus horizontalis plumosa
Juniperus sabina Hv Tamarix Savin
Junior
Lonicera japonica halaliana
Lysimachia nummularia
Pachistima canbyi
Pachysandra terminalis
Parthenocissus tricuspidata
Vinca minor
Shortia galacifolia
Phlox subulata
Vinca minor Hv White Periwinkle
Xanthorhiza apiifolia

Plants for Seashore Conditions

IN PLANTING near the shore it is advisable to select plants that will withstand the attacks of ocean winds and salt spray. Only comparatively resistant kinds are listed here. Many others will do well with slight protection.

<i>Abies concolor</i>	<i>Juniperus communis depressa</i>
<i>Acer rubrum</i>	<i>Juniperus horizontalis plumosa</i>
<i>Actindia arguta</i>	<i>Juniperus virginiana</i>
<i>Amelanchier, in variety</i>	<i>Larix, in variety</i>
<i>Arctostaphylos uvaursi</i>	<i>Ligustrum, in variety</i>
<i>Berberis, in variety</i>	<i>Lonicera japonica halliana</i>
<i>Betula, in variety</i>	<i>Lonicera morrowi</i>
<i>Calluna, in variety</i>	<i>Lonicera tatarica, in variety</i>
<i>Celastrus orbiculata punctata</i>	<i>Malus, in variety</i>
<i>Myrica pennsylvanica</i>	<i>Pinus nigra</i>
<i>Picea asperata</i>	<i>Pinus resinosa</i>
<i>Picea engelmanni</i>	<i>Populus, in variety</i>
<i>Picea glauca</i>	<i>Prunus, in variety</i>
<i>Picea jezoensis</i>	<i>Rhamnus, in variety</i>
<i>Picea pungens</i>	<i>Rhus, in variety</i>
<i>Picea pungens glauca</i>	<i>Rhododendron laetivirens</i>
<i>Picea pungens Hv Koster Blue Spruce</i>	<i>Rosa, in variety</i>
<i>Pinus mugo mughus</i>	<i>Salix, in variety</i>
<i>Clethra, in variety</i>	<i>Sorbus, in variety</i>
<i>Cornus, shrub forms</i>	<i>Spiraea, in variety</i>
<i>Cotoneaster, in variety</i>	<i>Taxus cuspidata, in variety</i>
<i>Crataegus, in variety</i>	<i>Taxus cuspidata nana</i>
<i>Erica carnea</i>	<i>Ulmus americana</i>
<i>Forsythia, in variety</i>	<i>Vaccinium, in variety</i>
<i>Hydrangea, in variety</i>	<i>Viburnum, in variety</i>
<i>Hydrangea petiolaris</i>	<i>Wistaria sinensis</i>
<i>Ilex glabra</i>	<i>Wistaria sinensis alba</i>
<i>Juniperus chinensis Hv Pfitzer Juniper</i>	

Plants for Moist Soils

MOST plants will not stand a location that is quite moist a great deal of the time. These varieties, however, do not seem to mind considerable moisture if proper drainage is provided. In many cases it increases their growth and gives them finer foliage.

Care must be used in choosing varieties that will best suit your particular location and we are prepared to help you plan correctly.

<i>Acer rubrum</i>	<i>Iris sibirica alba</i>
<i>Aronia arbutifolia</i>	<i>Kalmia angustifolia</i>
<i>Azalea nudiflora</i>	<i>Leucothoe catesbaei</i>
<i>Calopogon pulchellus</i>	<i>Mitchella repens</i>
<i>Chelone lyoni</i>	<i>Nyssa sylvatica</i>
<i>Cimicifuga americana</i>	<i>Quercus palustris</i>
<i>Clethra ainifolia</i>	<i>Salix, in variety</i>
<i>Cypripedium parviflorum pubescens</i>	<i>Thuja, in variety</i>
<i>Epigaea repens</i>	<i>Tradescantia virginiana</i>
<i>Ferns, in variety</i>	<i>Tradescantia virginiana Hv White</i>
<i>Ilex glabra</i>	<i>Ulmus americana</i>
<i>Ilex verticillata</i>	<i>Vaccinium, in variety</i>
<i>Iris kaempferi</i>	<i>Viburnum dentatum</i>
<i>Iris pseudacorus</i>	<i>Viburnum trilobum</i>
<i>Iris sibirica</i>	

BERRY BEARING PLANTS

PLANTINGS FOR BIRDS. Birds add beauty and song to the gardens, and are of greatest value in curbing insect damage. Every garden should include plants that provide natural bird food and cover. We know what these plants are and will gladly help you plan their proper use.

<i>Actinidia arguta</i> , Greenish-yellow	<i>Ilex glabra</i> , Black

KELSEY'S HORTICULTURAL AND LANDSCAPE SERVICE

Customers of Harlan P. Kelsey, Inc. will find our various branches of service of real value throughout the year. Some special features of this service are described below.

1. **Renovation of Gardens and Plantations.** Overgrown or run down gardens can often be improved immeasurably by readjustment, pruning, fertilization, the addition of a few plants, etc. Let us help you make your garden more interesting and enjoyable.
2. **Hedges, Windbreaks and Screens.** The growing of fine material for evergreen and deciduous hedges, windbreaks and screens is a specialty at Kelsey-Highlands Nursery. For protection from harsh winds, for masking unsightly views and to insure privacy the larger screens are often invaluable. Lower hedges and borders are pleasing essentials in many garden designs. We will gladly submit recommendations and quotations for individual problems. A far wider list is available for these uses than is generally supposed. See Page 40 for descriptions and prices of Kelsey's Ready-made Evergreen Hedges.
3. **Moving Large Specimen Trees.** Our tree moving equipment is especially designed for safely transplanting large Evergreens or Shade Trees up to 1 foot in diameter. We have handsome specimens of Pine, Hemlock, Spruce, Fir and Shade Trees in wide variety from 10 to 30 feet in height. These are moved with large balls with little disturbances to the root systems, largely eliminating risks. See page 35.
4. **Plantings for Birds.** Birds add beauty and song to the gardens, and are of greatest value in curbing insect damage. Every garden should include plants that provide natural bird food and cover. We know what these plants are and will gladly help you plan their proper use. Birds are a constant joy and entertainment in the garden — a bird-feeding station in a corner of your garden dedicated to bird life will be a continuing delight. See Page 43 for Berry Bearing Plants.
5. **Landscape Service.** Harlan P. Kelsey, Inc., offers a skilled service devoted to the creation of finer landscapes. After a careful study of each individual problem we recommend a development which will fit the particular location so as to combine beauty and convenience with economy of construction and maintenance. Our background of sound designing and horticultural experience assures such results.

We are particularly interested in the small home grounds. Consult us freely whether your problem is large or small. No charge is ordinarily made for a preliminary conference at our office, or on the grounds where most effective results are ordinarily obtained. If, however, considerable time or distance is involved a minimum charge is made to cover costs.

TERMS AND CONDITIONS OF SALE

Nomenclature. *"Standardized Plant Names,"* 1942 Edition, is authority for names used in this catalog.

Prices in this catalog cancel all previous lists and quotations and are subject to change without notice. Retail prices include packing, except for bulky or unusual shaped plants or when special methods are requested; prices are f.o.b. East Boxford, Massachusetts.

All Orders Are Accepted Subject To prior sale and to condition of stock at delivery date, under the following terms and conditions:

Grade. We supply a standard grade of stock. Unusual specimen material or plants specially selected by customers at the nursery will be charged for according to value, irrespective of the catalog list price.

We Warrant all plants to be true to name, full count, up to grade, and in good condition when shipped.

Rates. Lots of 5 and 25 of a kind and size will be furnished at the 10 and 100 rates respectively.

Plant Insurance. We do not guarantee the life of any plant purchased, as we have no control over after-treatment or weather conditions, and we will not replace stock without charge. On request, we insure stock planted by us for a specified period at a rate covering the estimated hazard. Such insurance however is void unless account is paid in full within 30 days from date of invoice, except when special arrangements are agreed to by us in writing.

Terms Cash with Order or satisfactory reference from unknown customers. Established credit accounts are due in 30 days from date of invoice. C.O.D. orders must be accompanied by one-third of the amount. Overdue accounts are subject to interest at 6 per cent.

Shipping Instructions should accompany order. State whether by Freight, Express, Parcel Post or Truck, and give exact destination. Otherwise we use our best judgment but assume no responsibility thereby. We deliver by truck all over New England and nearby states at reasonable rates.

All goods are at purchaser's risk after delivery to forwarding companies in good condition. Claims for damage while in transit must be made against the delivery company.

Claims for errors must be made in writing within five days after receipt of goods. Any mistake or fault on our part will be gladly rectified. Stock delivered as per order and in good condition is not returnable.
